

2026-2027 Elections

CSFI Board Nominee

Adrienne Avallone

I have worked and been a school psychologist in Palm Beach County for 31 years. I have attended many FASP summer institutes and fall conferences. I have been a member of the FASP board as a membership chair, newsletter co-chair and Southeastern Regional Representative.

As a previous CSFI board member, I have encouraged my colleagues to become members of our state organization and attend conferences/workshops. I have helped organize several fundraising opportunities to donate to CSFI. I look forward to continuing to support school psychologists in our state and would like to run for the CSFI board. I have been on the CSFI board for several years. I have helped organize summer and fall conference fundraisers and helped assist with several grants to local families. My goals this year would be to continue to fundraise and advertise the benefits of CSFI to our students in the State of Florida.
